After spending six hours getting her hair and makeup done to look perfect for Vogue’s annual pre-Met Gala party, the younger Kardashian West did two photo-shoot in the same outfit: a stripe top and matching skirt, which she paired with a pair of Manolo Blahniks, by the same Italian designer. However, a few hours after the shoot, she broke the cardinal rule of Vogue’s post-Met events: wearing the same outfit twice. In lieu of a smart dress, she opted for a pair of cute, mom-approved knee-high booties, a pair of which she has now worn on Instagram while standing on a plaid carpet in her kitchen. This, despite the fact that they are not the same shade as the stripe top she wore before. To make matters worse, she posted a pic of the boots just as the AARP Florida Association posted the following statement: “We don’t understand why @kimkardashian would post this photo but @kimkardashian already had the same booties on earlier. It is absolutely unacceptable for someone in her position to wear the same outfit twice,” the organization wrote. ◆
