Photo Slideshow Maker Platinum Crack + (LifeTime) Activation Code Download

Photo Slideshow Maker Platinum Full Crack is a professional software application built specifically for helping you create Flash slideshows which include videos and images. It sports a clean and straightforward layout that offers quick access to the files and folders stored in the computer, so you can easily select the items to be included in the slideshow. Plus, it offers support for the “drag and drop” option. What’s more, you can delete the selected photos, flip or rotate them to different angles, change the name of the file, insert links, apply transition effects and specify their duration, add a short description, as well as embed text messages and artclips. Photo Slideshow Maker Platinum Crack gives users the possibility to select between various transition effects (e.g. fade to blue, explosion, fade in), and customize the text messages in terms of color, font, size, and blurring options. The application comes packed with various preset themes to choose from and lets you create custom ones. Plus, you can add background music (MP3, WMA, WAV), trim the audio files, and rip tracks from audio CDs. There are several preset modes (e.g. “Basic,” “Professional,” “Web album,” “3D”) designed to help you create different projects which can be exported to SWF, HTML, or XML file format. During our testing we have noticed that the tool carries out the creation process quickly, and without errors throughout the entire process. Plus, it offers excellent image and sound quality without putting a lot of stress on system resources. As a conclusion, Photo Slideshow Maker Platinum Product Key offers a complete suite of tools for helping you create slideshows. Its intuitive layout and well-organized functions backed up by advanced features make it an ideal tool for beginners and professionals alike.
