TeeDict is a flexible dictionary application which allows you to quickly translate any text to or from any application. TeeDict Features: Keyword Search Parsing all characters of the clipboard text to find the keywords automatically. Complete transliteration of all keywords to foreign characters. Transliteration of selected keywords to the standard characters of the target character set. Transliteration of selected keywords to the characters of the clipboard text. File Transfer This feature allows you to copy the text from the clipboard and save the file in any supported format. Internet Dictionary Search The dictionary searches the internet for foreign words and characters to provide you with their transliteration. Keyword Search / Parsing / Copying The dictionary detects keywords in the clipboard text automatically. It also supports keywords in all installed dictionaries. You can also use this program to look up words in dictionaries. It supports both the KWIC and stardict formats. TeeDict Language List: Arabic Chinese Danish Dutch English Finnish French German Hungarian Italian Japanese Norwegian Portuguese Romanian Russian Slovak Spanish Swedish Turkish Ukrainian Vietnamese You can also add new languages to the list by selecting the desired language from the option panel. TeeDict Usage: There are two different methods for using TeeDict. The first one is for users with one keyboard. In this case you have to make sure that the copy button of the dictionary application you want to use is in the same row as the teeDict button. The teeDict button works with any standard QWERTY keyboard and enables you to get the transliteration of any key from any application. The second usage method is for people with two or more keyboards. TeeDict can be used in this case with all keyboards as long as all of them are in the same row. The teeDict button will enable you to get the transliteration of any key from any application. It will also find all the selected items in the clipboard and automatically transliterate them.Utilizing cognitive-behavioral and acceptance and commitment therapy in the treatment of binge eating disorder: a
