17 Best New Dapps To Download In June -

Reddit\*Com2019-05-23T02:14:54+00:002019-05-23T02:14:54+00:00Rumble Cycling Blog | Rumble Cycling New Dapps to Download in June The Greater Community In June, you have new blockchainbased community projects to download, including a decentralized exchange and a community management platform. The community is the backbone of everything the Ripple team does in 2019, the better to empower and engage our community members and give them tools to contribute to the ecosystem. Ethereum Listing of dapps in Algorand Block Algorand is an exciting new blockchain project offering a new consensus protocol, "proof-of-stakeâ€∏. Algorand is a Directed Acyclic Graph (DAG) that can be used for decentralized consensus, creating a blockchain without mining and without the concept of gas fees. The Launch of StrongCoin StrongCoin is all about creating online trust and anonymity. Transactions and deals are processed in a decentralized manner without the need for any intermediary, moving the money from the hands of the middleman into the hands of the people. Angus Tildsley's Friends in the Dangerverse The newest project from Angus Tildsley, the creator of The Dangerverse, is called Wasted Sheep. It's about a hacker, named Schrodinger, who awakens in an Internet-tied virtual reality space after a car accident. He finds that his body is trapped in the simulation and that he must save his friends from his attacker. New T-Car Racing Plugin T-Car Racing is an online racing community that is free and open to all. T-Car allows you to play without a lot of restrictions. The only thing that you need to do is to login or sign up to play. The game is fully free and in-game purchases are not available. Origin Land Property Investing Last month, Origin Land launched their new property investing platform. The company's mission is to help people to take the first step and invest in real estate. The new platform allows users to make money by investing on the premise of a property and they provide free education in the process. PowerUp.io Turns the Manicure Pad Into a Tool for Crypto
